

Application Note #2516

PS Power Supplies for Low Power Applications

PS-2.50-24

Power: 60W max
Voltage Output: 24V
Max Current: 2.5Amps
Input: 100-240VAC, 50/60Hz
UL: E183223 32WK
CE certified

PS-0.25-24

Power: 6W max
Voltage Output: 24V
Max Current: 0.25Amps
Input: 100-120VAC, 50/60Hz
UL: E304491 35PG

These low power switching mode supplies come with a 2pin Molex Mini-Fit, Jr™ connector to allow for mating directly to the DMC-40x0 or the RIO Pocket PLC.

The PS-0.25-24 is only recommended for RIO applications due to the low power capability.
